

EDUCATION (ELEMENTARY)

Scottsbluff/Sidney/Alliance

AA.1312A (64 Credits)

This emphasis area includes all course work necessary to complete the general graduation requirements for the Associate of Arts degree. Emphasis is placed on course work in the field of elementary education required by baccalaureate degree issuing institutions. The course work in elementary education meets the academic description and content necessary to fulfill program requirements of four-year institutions and teacher certification requirements of the State of Nebraska.

Objectives

- Provide students with a sequential course structure that fulfills general graduation requirements for the Associate of Arts degree.
- Provide the student, upon completion of the field of study, easy entry into elementary education programs that lead to the baccalaureate degree in elementary education and Nebraska teacher certification.

Notes

- Students who plan to transfer to a four-year college/university should consult their faculty advisor and the Transfer Advisor early in their WNCC enrollment to determine their curriculum.
- Humanities electives can be taken from art, literature, music, philosophy, theater and humanities.
- Social Science electives can be taken from Anthropology, Economics, Geography, History, Philosophy, Political Science, Psychology or Social Science courses.
- Students need to consult with their advisors and their proposed transfer institution to determine if cultural anthropology or cultural geography is required by their transfer institution.
- It is recommended that electives come from an area of interest, such as literature, mathematics, science, or social science.
- ENGL-2100 fulfills one humanities requirement.
- EDUC-2860 is strongly suggested for Elementary Education students of sophomore standing or higher. It is not recommended for first semester students.
