

HISTORY

Scottsbluff/Sidney/Alliance

AA.4508 (62-63 Credits)

This emphasis area includes and provides introductory courses in American history and specific enrichment and supportive courses in other history areas such as Nebraska history, U.S. frontier history, etc. Coursework in other social sciences that relate to this major are economics, geography, etc.

Objectives

- Provide a sequential course of study in the field of history. Course work in the field of history provides the student with what is essentially prerequisite to upper divisional course work. This will allow the student easy transferability of his/her course work to a baccalaureate degree- issuing institution.

Notes

- Students who plan to transfer to a four-year college/university should consult their faculty advisor and the Transfer Advisor early in their WNCC enrollment to determine their curriculum.
- If the transferring institution does not require foreign language, the student may take other social science or elective courses.
- Humanities electives can be taken from art, literature, music, philosophy, theater and humanities.
- Social Science electives can be taken from Anthropology, Economics, Geography, History, Philosophy, Political Science, Psychology or Social Science courses.
